Sublime your collection with this ultra-complete ensemble, designed to take your clients from the water's edge to sunny terraces. This unique set combines graphic design, absolute comfort, and "jewelry-style" finishes.

- **The Jewelry Ring Top:** The centerpiece of the set. A sophisticated design where **four delicate straps intertwine inside a decorative ring**, creating a graphic and sensual effect on the neckline.
- **The Classic Bikini Bottom:** A timeless, comfortable, and flattering cut, ideal for all body types.
- **The Ultra-Thin G-String:** Reduced to its simplest form with "string" ties, it offers total discretion—perfect for a flawless tan. Often used as a base layer or for a minimalist aesthetic.
- **The Long Beach Skirt:** A true high-waisted skirt that flows elegantly down to just above the ankles. It instantly transforms the swimwear into a sophisticated and lightweight resort outfit.

Feature	Details
Fabric	Premium Lycra (multi-directional stretch for a perfect fit).
Protection	Certified UV filter integrated directly into the fibers.
Durability	High resistance to salt, chlorine, sun, and sand.
Ornaments	Decorative central ring and customizable metal plates.

- Always follow the instructions on the care label.
- **Turn your items inside out** before washing to protect the metal elements and the fabric's glow.
- Hand wash in cold water with mild detergent or use an **"ultra-delicate" cycle in a laundry bag**.
- **Avoid fabric softeners**, as they alter the elasticity of Lycra fibers.
- **Dry in the shade** is mandatory to prevent the sun from fading the colors.

We offer this 4-piece set available in **packs starting from 12 pieces.**

Branding & Customization Options

For brands wishing to strengthen their identity, we offer tailor-made services (*not included in the base price, subject to a specific quote*):

- **Custom Labels:** Integration of your logo on brand and care labels.
- **Branded Metal Plates:** A premium signature with your logo engraved on metal plates sewn onto the bottom.
- **Pricing:** A personalized quote will be provided based on the complexity of the logo and requested quantities.

Manufacturing & Lead Times

Craftsmanship and customization require specific expertise:

- **Standard Lead Time:** 30 days.
- **Metal Customization Lead Time:** Please allow additional time for the creation of exclusive molds and metal casting. This artisanal process guarantees a unique and durable finish for your point of sale.

We would be delighted to contribute to the success of this model in your store.
